

## YOUR SPRING TONIC

To take a tonic in the spring is only adding nature. Everybody needs it. Confinement to the home, the store, or the office, during the winter months has reduced our vitality. You are beginning to notice that tired feeling. Nothing alarms you simply need a Spring Tonic, a Bracer, something to tone up the whole system, cleanse the blood, start up a healthy circulation and regulate the liver.

Don't experiment this Spring, try a box of

Letter set—obtain a bottle of May's Wonderful Remedy from Public Drug Store, Struble & Steiner, in South Bend; and People's Drug Store in Mishawaka; or any reliable druggist, who will refund your money if it fails.—ADVL.

## Real Reason for Baldness

Hair Falls When Certain Elements Are Missing. Also Killed by Alcohol in Hair Tonics.

Thousands of men and women have been killing their hair by the alcohol contained in hair tonics. It has now been discovered that alcohol makes hair shrink, dries up the secretions, and kills the vitality of hair.

The most important discovery, however, is that hair falling, thinning and becoming nearly always result when one or more of the principal elements of hair are missing. Hair has now been analyzed and its elements known. When these missing elements are restored, all hair and scalp troubles vanish and hair is compelled to grow luxuriantly.

This is why the greatest hair discovery ever known, **VOLA-VITA**, has done many remarkable things to hair and scalp. It positively restores the missing elements. That's why it forces hair to grow luxuriantly on heads shiny bald for years. It stops dandruff and itching positively. Hair stops falling because it increases wonderfully in vitality. **VOLA-VITA** scientifically restores the vigor of the color glands. That's why it absolutely restores the original color to gray, faded or bleached hair, no matter what the original color was. It is not a dye. It contains no alcohol. It does what no other hair treatment in the world can do. It grows hair. Use it and that'll prove it. Start now. Satisfaction guaranteed.

**VOLA-VITA** is sold at all drug stores at \$1.00 a bottle, or sent direct by **VOLA-VITA Mfg. Co.**, Chicago, Ill.

## HAPPENINGS IN AND ABOUT TOWN

## CHICAGO MAN TO BE PAGEANT MASTER

Henry B. Roney to Arrange St. Joseph County's Centennial Parade.

Henry B. Roney of Chicago will be the pageant master for St. Joseph county's centennial celebration this year, a contract having been signed securing his services Monday afternoon by the executive committee, which met at the Chamber of Commerce.

Mr. Roney will not only have all arrangements of the pageant, such as designing of historical floats and special features, but will also act as the musical director.

**Versed in Work.**  
He is one of the most prominent pageant directors in this country and on many occasions has had charge of some of the biggest celebrations in its history. His first big success was the semi-centennial anniversary celebration held in Michigan in 1885. Shortly after this he had several other big celebrations in charge and since that time has devoted his entire efforts to this work. As a musical director he has won much fame and has directed some of the largest choruses in the country.

In outlining his methods of making the arrangements, in a letter to the committee, Mr. Roney states that the people in general of the county and the children will be asked to suggest ideas for the pageant. He also states in his letter that he received a part of his early education in South Bend many years ago.

**To Be Here Wednesday.**  
Mr. Roney will arrive in South Bend on Wednesday of this week and will meet with the committee and the first real work of the centennial celebration for this county will be outlined and started.

Walter B. Dickinson of the national playground committee attended the meeting and stated that he would like to see South Bend secure the 1917 congress of the national organization. He stated that it would cost South Bend in the neighborhood of \$3,000. This matter will be considered later by the committee.

Considerable time was also spent by the committee in discussing ways and means of financing the centennial celebration, but no decisions in regards to this matter were reached.

## LODGE NOTES

Organization of a new Protective Home circle was effected last night at a meeting of members of the local circle at Eagles' hall. Officers were elected and matters of preliminary importance transacted. The officers that were elected are as follows: Past president, Louis Orvis; president, Loren Van Derkarr; vice-president, Bertha Gans; chaplain, Alice Gitchell; secretary, Alice Grueter; treasurer, Edward Wickey; guide, Gail Gitchell; companion, Earle Holmes; sentinel, Earl Tester; watchman, Henry Drake; trustee for one year, Edward Gans; for two years, Henry Herz; for three years, Dr. Harry Crow. Refreshments were served following the business meeting and dancing completed the evening's program.

Initiation of a class of 25 candidates from the North Liberty camp took place last night at M. W. A. hall by the Colfax camp No. 3205, M. W. A. A large delegation was present from North Liberty and a banquet was served following the initiatory work. Officers from the local and North Liberty camps gave short talks on the good of the order and the work being done in northern Indiana.

More than 500 Moose and friends of South Bend lodge No. 555, L. O. O. M., attended the annual Moose celebration of Easter day, last night at Moose hall, when cabaret acts of the Olympic theater and dancing and card playing featured the evening's celebration. Refreshments were served following the entertainment and a social session was held.

Five candidates were given the rank of the third degree at a meeting of the Abraham Lincoln lodge, No. 850, L. O. O. F., held Monday evening in their hall. Several members from other lodges were present and there were a number of speeches by the visitors. At a meeting to be held on next Monday evening a large class of new candidates will be given the initiatory degree work.

**ENJOY HAYRACK RIDE.**  
The Moonbeam club of this city enjoyed a hayrack party Monday night to the home of Miss Hazel Markham at Lone Pine farm, located several miles north of the city on the Niles rd. About 30 attended. The evening was spent in playing games and enjoying contests and refreshments were served. The club will again be entertained in two weeks at the home of Miss Mable McCombs of Roselawn st.

**MOTHERS AND WIVES**  
Of this country—those who after months and even years of suffering, have been restored to health and strength by that good old-fashioned root and herb remedy, **Lidia E. Pinkham's Vegetable Compound**—are the ones who have spread the good news of health restored, until today there is hardly a town so small that the women who suffer from female ailments do not depend upon **Lidia E. Pinkham's Vegetable Compound** to restore health.—ADVL.

## BAKING POWDER WAR ON BETWEEN CALUMET AND K. C. COMPANIES HERE

Rival Concerns Make Claims on Use of Egg Albumen in Powders.

A baking war has broken out in South Bend—or rather the invasion has arrived—in which the Kansas City Baking Powder Co., rivals of the Calumet Baking Powder Co., is making serious charges in its advertisements. The rival manufacturers are making claims pro and con as to whether the use of egg albumen in baking powder is of genuine advantage.

According to W. W. Stout, local manager of the Calumet Co., the K. C. people in their recent advertisements have made an effort to pervert the facts to gratify their own ends, condemning certain ingredients and methods of the Calumet concern. The history of the war shows court after court and one food commissioner after another have always decided the case in behalf of the egg-users.

**Submits Letter.**  
Mr. Stout submits a letter from H. E. Barnard, Indiana food and drug commissioner, written to an Evansville man some months ago, and outlines the claims of his company as follows:

"The test in question can be made by any salesman, dealer, clerk, or housewife. It does not require any special kind or sized glass, no matter what sized spoons. Our salesmen, always carry a can of fresh goods which is used as a standard or base. Those goods show almost 15 per cent carbon dioxide. In order to judge the amount of deterioration that has taken place in the old goods that are being tested, it is only necessary to have two glasses or utensils of the same size, placing a quantity of the fresh goods in one, and a similar quantity of the old goods in the other, adding an equal amount of water to each, in each case stirring just enough to moisten the powder. The comparative 'rise' in the utensils will indicate the comparative strength and consequently show the amount of deterioration that has occurred in the old powder. Unfortunately all powders are subject to deterioration. Some are short-lived; others keep for years under favorable treatment and in dry climates, but through mistreatment and exposure to moisture deteriorate within a very short time.

**Denies they Deceive.**  
"Where the water glass test is used in connection with sales our demonstrators are not allowed to leave impressions that the comparative test made with baking powder not containing egg albumen represents the comparative leavening strength of the two powders; instead, they always explain to the prospective purchaser that our product contains white of egg, the nature of which holds and entangles gas, permitting the full strength to be shown. It would be suicidal to our success to deceive the housewife as to the strength of our powder or to insult her intelligence by suggesting that other standard powders were below the required strength.

"It is certainly our right to show our product for just what it is and to make comparisons. The water glass test is but one of the several tests that we use in demonstrating the quality of our product. While the making powders standard of today are based exclusively upon the gas strength of the goods, the particular housewife has long since learned that there are other points to be considered, chief of which is the speed action of the powder.

"We know of no method, outside of the water glass test, to demonstrate the action of our goods. The water glass test is not patented. It can be used by any one. Our product as is shown by the various state reports on baking powder gives off a large quantity of gas, and we are proud of its chemical compositions. Others may not be so anxious to demonstrate the way their goods work.

"The water glass test is of practical value not only to ourselves, but to the dealer and housewife as well, and its use should be encouraged as a means of protection against inferior brands. It is high time that the consuming public has some protection of this most important item. It is not enough to merely learn the brand that is usually dependable, since even the best types of baking powder are subject to deterioration. The water glass test, in our opinion, is the best and only method of interpreting the baking powder question to all concerned."

**Cites Another Letter.**  
Below is the letter furnished by Mr. Stout, which was written to an Evansville grocer by Commissioner Barnard:

Hubert M. Kunckler,  
2 Washington Ave.,  
Evansville, Indiana.  
April 5, 1915.  
My Dear Sir:—  
I have your letter of the third instant in which you refer to the controversy at Evansville over the so-called water glass test.

## RELIEVES PARK BOARD OF LOAD

Seebirt Frustrates Move to Shove Rum Village on Its Shoulders.

City Atty. Eli F. Seebirt saved the park board's neck, so to speak, last night when he prevented the council from passing an ordinance unloading the Rum Village property upon the shoulders of the park board. An ordinance was introduced providing that the Rum Village property, the purchase of which was authorized recently by the council, be transferred to the jurisdiction of the park board with the authorization for improvements. Councilman Lang moved that the ordinance be passed under suspension of rules. Councilman Miller seconded the motion and the vote was called when the city attorney interfered.

**Says It Can't Be Done.**  
"You cannot do this," he asserted. "By doing so you will be placing a huge encumbrance on the park board. There is one other thing—the Rum Village property has never been purchased by the city. Not one cent of money has been paid out by the city for this property and the abstracts have never been corrected or approved."

The city attorney then explained that by transferring the property to the park board that board would of necessity be compelled to pay for the tract of land. This he declared to be impossible since the park board has insufficient funds to take on the added burden. Then Councilman Miller moved a suspension of rules.

**Blames Elbel For It.**  
"This ordinance was drawn up at the instigation of Richard Elbel of the park board, the former president. It appears that the park board is anxious to have this action taken."

Councilman Lang withdrew his motion and Councilman Miller made a similar one. There was no second to Miller's motion and Councilman Hagerty's motion that the ordinance be referred to the committee of the whole was passed.

Councilman Miller also suggested last night that there be ordinances drawn up providing for increased salaries for various city employees. He suggested that the city firemen and policemen receive \$10 a month additional and that the laborers for the city be given more pay. He intimated that such an ordinance would be introduced shortly.

**Ask Better Car Service.**  
Better street car service for the west side was requested in a petition from the residents in the vicinity of Sample and Chapin sts. There are 85 signers to the petition, which states that the street car company is giving but a half-hour service on the Sample and Chapin st. lines and that a 15-minute service is desired. It is also alleged that the cars being run on the lines are not large enough to efficiently care for the passengers. The petition was referred to the committee of the whole.

Another resolution from the Chamber of Commerce was read and referred to the committee. The resolution asks that the council follow the request of the Indiana inspection bureau and purchase an aerial truck. It is pointed out in the resolution that the purchase of the truck will save in the first year the business property owners more than the cost of apparatus.

## FRANKLIN CIVIC CLUB MEETINGS TO CONTINUE

Sessions to be Held Through Month of May—Seek to Get H. S. Bigelow.

That the meetings of Franklin Civic club will continue through the month of May instead of discontinuing with the meeting last night, was decided at a business and social session held at the school with more than 400 in attendance. The proposition of bringing Herbert S. Bigelow of Cincinnati, Ohio, here for the centennial celebration to be held in the high school auditorium May 26, was discussed and put in the hands of a committee to work with the Federation of Civic Clubs.

Discussion of the Rum Village municipal picnic to be held July 4 was held and a committee composed of the following was empowered to act in regard to the matter: C. A. Evers, George S. Davis, Arthur Miller, Mr. and Mrs. George H. Elcher, Miss Edythe Brown, Maurice Ross, Mrs. Parker and Mr. and Mrs. William Kroll.

## SCHOCK'S SCORE IS DELETED BY SCORER

Chief Kerr Feels His Mark Will Remain Good for Some Time.

With but seven men present, Sergt. Joe Chappell's squad endeavored Monday afternoon to set a pace for this week's trials in the police spring target practice with a score of 225. This is considered a very good mark, since the total possible was 350.

Sergt. Chappell himself carried off high honors, opening the week's individual counts with a mark of 41. Capt. James Schock, in his inter-team rivalry with Chief of Police Millard F. Kerr, shot — (but Capt. Schock's score was deleted by the department censor). Suffice to say, Chief Kerr feels his mark of last week will hold good as high in the dual contest.

## NO GREAT RUSH TO ANSWER U. S. CALL

Local Recruiting Officer States Rate Does Not Exceed That of Previous Times.

No more applications are being received for the army and navy of the United States at present than before the call for more men, said Lieut. John S. Skees, of the recruiting station on N. Michigan Monday afternoon. During the present month but 27 applications have been received at the local station and of that number but six have been accepted.

As a result of the call for 25,000 men last month but 2,250 were received in 15 days and up to the present time but 3,000 have been received throughout the country. More than seven times that number applied but were disqualified.

## GETS COAL CONTRACT

W. D. Shimp & Co. to Supply County Infirmary.

W. D. Shimp & Co., was awarded the contract Monday by the county commissioners for supplying the coal for the county infirmary. The total cost will reach practically \$1,500. Approximately 500 tons of soft coal at \$2.61 a ton were ordered and 22 tons of anthracite coal at \$7.11.

The commissioners are still debating as to whether the county building this coming year is to be heated by the St. Joseph heating plant. The cost of heating by the use of fuel is being compared with the cost of heating as provided by the heating company. A decision may be reached some time this week.

## FORD IS MISSING

Police headquarters received a report of the loss by E. R. Newland of a Ford car, which he left in front of the high school building, Colfax av., Monday night. Mr. Newland lives at 801 S. Michigan st. The license number of the car was given as 'Indian 9236.

## THE ACHES OF HOUSECLEANING

The pain and soreness caused by bruises, over-exertion and straining during house cleaning time are soothed away by Sloan's Liniment. No need to suffer this agony. Just apply Sloan's Liniment to the sore spots, rub only a little. In a short time the pain leaves, you rest comfortably and enjoy a refreshing sleep. One grateful user writes: "Sloan's Liniment is worth its weight in gold." Keep a bottle on hand, use it against all Soreness, Neuralgia and Bruises. Kills pain. 25c at your Druggist.—ADVL.

## NAMED DELEGATE

J. K. Werwinski was notified yesterday by William H. Taft, president of the League to Enforce Peace that he has been chosen as a delegate at large to the national convention of the league which will be held May 26-27.

## REMOVAL NOTICE

The Creed Bishop Co. have moved from 329 Jefferson Bldg. to 425 Farmers Trust Bldg. Automobile, plate glass, liability, burglary, fire, health, accident, and all other classes of insurance.—ADVL.
